2 precise as we should have it. Am I correct in assuming
3 that the legislature could not transfer from the governor
4 to the lieutenant governor any power inherent in the office
5 of governor or expressed in the office of governor by this
6 Constitution or by the statutes of this State.

7 THE CHAIRMAN: Delegate Morgan.

8 DELEGATE MORGAN: So far as powers given to the
9 governor by this Constitution, I think it is correct so
10 far as powers given to the governor by statutes of this
11 state, it is my understanding that those functions could
12 be delegated to the lieutenant governor.

13 THE CHAIRMAN: Delegate Adkins.

14 DELEGATE ADKINS: I am speaking now of transfer
15 by the legislature, by the General Assembly, not delega-
16 tion. There are two questions, what can the governor dele-
17 gate to the lieutenant governor and what powers can the
18 legislature give to the lieutenant governor. Am I correct
19 in assuming that the legislature cannot transfer from the
20 governor to the lieutenant governor any powers either in-
21 herent in the office of governor or expressly in his office
